About **MUJMUN 11.0**

Manipal University Jaipur hosts and welcomes you to MUJMUN 11.0, the annual event for debaters, diplomats and global thinkers. We aim to provide you the opportunity and platform to experience and express a global view on current issues. We shall achieve this by simulating various committees of the prestigious organisation known as the United Nations (UN). Debates and discussions shall be conducted in a way to simulate the discussions at the United Nations Conference in various committees. With such simulations, we aim to enhance comprehension, expression and public speaking skills in our delegates.

MUJMUN is the largest, most glamorous MUN, in Rajasthan, hosted by Manipal University Jaipur's prestigious Directorate of student welfare in collaboration with the university's most eminent student club, LITMUS, which is the official MUNing, debating, reading and writing society of the college. With MUJMUN 11.0 we strive to continue the legacy of the most awaited MUN in all of Rajasthan, and inflate its impact by enhancing your experience and tracing your journey from 'delegate' to 'diplomat'.

At MUJMUN 11.0, we look forward to facilitating riveting debates, thoughtful discussions and an alluring social night. We intend to appreciate and enhance your skills, foster connections and establish global diplomacy.

Sustainable Development Goals

“I want you to act as if your house is on fire, because it is”
- Greta Thunberg

Sustainability, by definition, is the act of development that meets the needs of the present, without compromising the ability of future generations to meet their own needs. Considering the world's current situation it is appropriate to say that the world as our home is on fire, with ozone layer depletion, global warming, ever increasing rate of greenhouse gases, pollution of forms and types.

Thus to raise awareness and more importantly, rise to action regarding the ongoing climate crisis MUJMUN 11.0 aims to follow and abide by the sustainable development goals as set by the United Nations. These goals are as follows-

- 1. No poverty
- 2. Zero hunger
- 3. Good health and well being
- 4. Quality Education
- 5. Gender equality
- 6. Clean water and sanitation
- 7. Affordable and clean energy
- 8. Decent work and economic growth
- 9. Industry, innovation and infrastructure
- 10. Reduced inequalities
- 11. Sustainable cities and communities
- 12. Responsible consumption and production
- 12. Climate action
- 14. Life below water
- 15. Life on land
- 16. Peace, justice and strong institution
- 17. Partnerships for the goals

We, as team MUJMUN 11.0 aims to achieve these goals through the agendas in our committees and our execution of the prestigious event, keeping in mind our needs and the needs of the future. We aim to invite you to enhance and hone yourself to be of the likes of Greta Thunberg and other young minds who work for sustainability.
